I want you to help me with my daily job search routine. Please do the following:

## STEP 1: Search for jobs

Search the web for fully remote job offers within the EU in the following sectors:
- Insurance companies
- Reinsurance companies
- Insurtech companies
- MGAs (Managing General Agents)
- DUAs (Delegated Underwriting Authorities)

The roles should be related to:
- Operations Manager
- Underwriting Operations
- Insurance Operations Analyst
- Reinsurance Operations
- Process / BPO management in insurance

Search across these platforms:
- LinkedIn, Indeed, RemoteRocketship, Jobgether, WorkingNomads, FlexJobs
- Direct career pages: Wakam, Accelerant, Swiss Re, Munich Re, Gen Re, Descartes, Prima, SCOR, Hannover Re, Lloyd's

Use these search queries (adapt as needed):
- "insurance operations" remote Europe 2026
- "underwriting operations" remote EU 2026
- "operations manager" insurance OR insurtech OR MGA remote 2026
- "reinsurance operations" remote Europe 2026
- DUA OR "delegated underwriting" operations remote 2026

Languages: English, Spanish, Catalan, or any EU language.

## STEP 2: Report findings

Present results in a structured table with: Company | Type | Role | Location | Match Level (HIGH/MEDIUM/LOW)

## STEP 3: For each HIGH match, generate tailored application documents

Using my base CV below, create:
```

1. A **tailored CV in PDF** — adjust the Professional Profile and bullet points to highlight the skills most relevant to the specific job description. Keep the same structure but reword to match keywords and requirements from the job posting.
2. A **motivational letter in PDF** — professionally written, connecting my specific experience to the job requirements. Reference the company by name. Keep it to one page.

MY BASE CV:
